

## 2014-15 Ontario Sport and Recreation Communities Fund (OSRCF) Provincial Projects

A table of successful applicants. Each row is a different project and contains the following information: municipality, organization, grant amount, project title, and project description.

Organization	Grant Amount	Project Title	Project Description
Active Healthy Kids Canada	\$50,000	The Global Summit on the Physical Activity of Children: Ontario's Knowledge to Action Plan	This project will develop a series of knowledge products based on the results of the Global Summit (May 2014) and foster information exchange and distribution to increase and enhance opportunities for Ontario children and youth to participate in quality sport and recreation.
Alzheimer Society of Ontario	\$317,000	Minds in Motion	This project will implement the Minds in Motion (MiM) program across Ontario. MiM is a program for persons with early to mid-stage dementia and their care partners; it is an eight week program which is delivered by local Alzheimer Societies, in partnership with municipal recreation departments, Older Adult Centres or similar community-centres. The project will expand the program to 12 more communities across Ontario.
CAAWS	\$140,000	Building a Foundation of Physical Literacy for Ontario Women 55-70+	This project will aim at skills development for 1,000 women 55-70+, providing a fun and age-appropriate environment where women can learn fundamental movement skills, try out a variety of sports and physical activities, and have the opportunity to join a program they can participate in regularly.
FitSpirit / Fillactive	\$175,000	FitClub	This project will expand the FitClub program across the GTA and target new regions throughout the province, engaging 5,500 participants in the process. This will include expansion into Ottawa, as well as two rural communities in the north and west, which will be reached through the newly developed self-managed remote program.

Organization	Grant Amount	Project Title	Project Description
Freestyle Skiing Ontario	\$200,000	FUNdamentals Skiing Project	This project will merge existing infrastructure and ski programming offered through Freestyle Skiing Ontario (FSO) and Alpine Ontario Association (AOA) and create a superior ski program for young Ontario skiers. In total, the project will create nearly 2,000 opportunities for participation.
Golf Association of Ontario	\$100,845	She Swings She Scores	This project will provide over 5,700 girls aged 6-12 a chance to switch up their hockey sticks for golf clubs and learn a new sport with their teammates.
Hike Ontario	\$65,200	Seniors' Hike Initiative	This project will offer the Safe Hikers and Certified Hike Leaders program once a year each during the two year grant period and train seniors to hike safely. The project will help to create 75 qualified leaders while engaging 675 new participants.
Hockey Development Centre for Ontario	\$80,000	CanSkate for Hockey	This project will help HDCO to develop a partnership with Skate Ontario in order to deliver a quality skating skills program to 750 of our young hockey players (ages 5-10) at practice.
Kidney Foundation of Canada	\$188,000	Active Living for Life	This project will develop, implement and evaluate a community-based active living program to increase rates of physical activity and exercise, and decrease barriers to physical activity among 250 individuals living with kidney disease.
Motivate Canada	\$215,000	Motivate Canada Physical Literacy for Females Project	Through community action projects, led by trained female youth leaders known as Community Champions, 435 young women and girls will be provided with opportunities to participate in sport and physical activity that is safe, inclusive and fun.

Organization	Grant Amount	Project Title	Project Description
Ontario Basketball	\$85,500	Mega Hoops Active Start	This project will recruit and train 200 Community Coaches in Fundamental Movement Skills, develop an Active Start curriculum aligned with Canadian Sport for Life, and fund programs in traditionally underserved communities for children under the age of six.
Ontario Blind Sports Association	\$44,600	OBSA Sports Day Tour	This project will engage 8 communities across Ontario to provide unique sport programs for youth with a visual impairment and will leave a legacy in the communities through trained sports leaders and specialized blind-sports equipment.
Ontario Fencing Association	\$31,794	Fence-Fit 2015	This project will allow for the creation of a standardized curriculum for Active Start and Fundamentals for various age groups using the principles of Fundamental Movement Skills to ensure that they have the proper grounding in physical literacy. It will also create 34 jobs, which will continue to exist following the conclusion of the project.
Ontario Lung Association	\$103,900	Fitness for Breath (A Community-Based Exercise Maintenance Program for People Living with Chronic Lung Disease)	This project will develop, implement and evaluate an innovative program model for exercise maintenance for 200 people living with chronic lung disease; in partnership with community-based fitness centres and with the support of pulmonary rehabilitation programs.
Ontario Sailing Association	\$108,000	Get on the Water Program	This project will implement the Get on the Water Program - a first contact program for sailing and rowing programs aimed at all ages in CS4L stages 1-3 and 7, that offers high quality instruction and mentorship to 2,000 new participants in communities throughout Ontario.

Organization	Grant Amount	Project Title	Project Description
Parks & Recreation Ontario (PRO)	\$135,161	PRO / CS4L Plan (Physical Literacy Activity Now)	This project will engage up to 500 community sport and recreation service providers across the four regions of Ontario over a two-year period to further embed physical literacy in more programs for children and youth.
The Centre for Healthy Development through Sport and Physical Activity at Brock University	\$164,000	Physical Literacy Assessment for Youth Research Project	This project will evaluate the use of the Physical Literacy Assessment for Youth (PLAY) Tools which are meant to improve our population's level of physical literacy. Directed at individuals aged seven and up, the PLAY Tools determine gaps in physical literacy development.
