

2016 – 17 Ontario Sport and Recreation Communities Programs Fund (OSRCF) Provincial Projects

A table of successful applicants. Each row is a different project and contains the following information:
organization, grant amount, project title, and project description.

Organization	Grant Amount	Project Title	Project Description
Ontario Curling Council	\$81,964	Adult Learn to Curl Program	This project will ensure participants in the “Active for Life” stage of the LTAD have a safe and positive first experience in the sport of curling. The skills of the participants progressively develop through structured weekly lessons by qualified instructors, increasing the likelihood of retention.
Ontario Blind Sports Association	\$47,117	Physical Activity for All: Foundations for Blind Sport Development	This Project will help propel the new Ontario sport plan, Game ON, through the provision of ongoing physical activity opportunities for over 100 blind participants across all four Ministry regions. Working with community and organizational partners, PAA will enable Active Start, FUNdamentals, Learn to Train and Active for Life participants with a visual impairment to have regular sport activities that currently do not exist in communities covering all 4 Ministry regions including Toronto, Ottawa, Kitchener, Kingston, London, Sudbury and Brantford.
Boys and Girls Clubs of Canada - Central Region	\$264,850	#BestPlayingTogether!	This project will increase opportunities for newcomer and new citizen children and youth to participate in community sport, recreation and physical activities. This will be achieved by building a referral bridge from newcomer agencies, training leaders to engage newcomer children and youth and reducing barriers to participation.

Organization	Grant Amount	Project Title	Project Description
Ontario Federation of Anglers and Hunters	\$149,350	Ontario National Archery in the Schools Program (NASP)	<p>This project will train 200 new basic archery instructors in Ontario to implement the internationally-recognized National Archery in the Schools Program (NASP) designed for FUNdamentals, Learn to Train, and Active for Life stages. NASP allows students in grades 4-12 to participate in target archery that strongly develops fine motor skills, focus, attention, and motivation. Over a two-year period, these basic archery instructors will engage 9,000 children and students between the ages of 9 and 18 through in-class archery instruction at 60 schools across Ontario. Additionally, 10 basic archery instructor trainers will travel across Ontario to provide a one-day instruction to target archery. This travelling component will reach an additional 12,000 students, ages 9 to 18, at 120 schools in communities with populations less than 20,000 people.</p>
The Centre for Healthy Development through Sport and Physical Activity at Brock University	\$136,000	Adapted PLAY	<p>This project will pilot and refine a suite of Physical Literacy assessment tools for children and youth who are wheelchair users and people with moderate Cerebral Palsy/Autism/Down's Syndrome. Using adapted assessment tools from Sport for Life's Physical Literacy Assessment for Youth (PLAY), the "Adapted PLAY" project will develop practical Physical Literacy assessment tools for use in sport and recreation organizations who work with children and youth with disabilities, as well as providing 600 physical activity opportunities for 300 participants during the course of the pilot.</p>

Organization	Grant Amount	Project Title	Project Description
Aboriginal Sport & Wellness Council of Ontario	\$235,400	Indigenous Multi-Sport Camps	This project will deliver 12 age-relevant sport and recreation camps for a total of approximately 500 indigenous youth in the six regions of Ontario: a variety of camps from one day for ages 5-11, 3 days for ages 12-15. There are also one week summer specialty camps for economically challenged indigenous families. The camps deliver multi-sport experience alongside health & wellness education to increase physical literacy, advance personal resiliency and encourage indigenous youth to remain active for life.
Canadian Congenital Heart Alliance (CCHA)	\$186,934	Fearless Physical Activity – Getting and Keeping Ontarians with Congenital Heart Disease Active in Community Sport, Recreation and Physical Activity	This project will deliver high-quality, meaningful Physical Literacy enhancing experiences to children, youth and adults with congenital heart disease (CHD) across Ontario. Over the course of four seasons, the "Fearless Physical Activity" program will provide 48 days of programming, where families and people with CHD, and sport/recreation leaders, will come together to participate in community-based sport/recreation opportunities with the support of the medical community to provide a safe and fun environment.
Ontario Basketball Association	\$38,440	Ref ON	This project will enable Ontario Basketball to work with the Ontario Association of Basketball Officials to create a program to recruit, train and mentor 31 female basketball officials, one from every officiating board in Ontario, in order to increase the capacity of the sport sector to deliver quality basketball programming and to provide employment opportunities for females in the Active for Life sector.

Organization	Grant Amount	Project Title	Project Description
Motivate Canada	\$136,000	Leading, Educating, Active Females (LEAF)	This project will use peer role modeling to support females in a process of self-discovery through leadership, education, mentorship and physical activity, the program builds confidence and enhances capacity to create and implement health-focused community action projects for girls across all four ministry regions, including indigenous communities. The Leading, Educating, Active Females (LEAF) project uses Motivate Canada's Youth Driven Development framework with Canadian Sport for Life's Physical Literacy Assessment for Youth training to support the healthy development of young females.
Dive Ontario	\$19,284	Plouf! Making Learn to Dive Fun for Everyone	This project will deliver a standardized recreational Learn to Dive Program based on Diving Canada's LTAD model (Levels 1-3 & 7), to 2,000 children ages 6-12, training 5 current NCCP Learning Facilitators and 40 instructors in the delivery of this program at 10 Member Clubs and 14 Affiliates across the Province.
Ontario Volleyball Association	\$140,469	SPIKES On the Beach	This project will address the issue of low participation rates in beach volleyball and the lack of a formal development model for beach volleyball in the Learn to Train stage of development. The SPIKES on the Beach program will be developed and targeted to children 9-12 years of age. The program will focus on building the physical literacy of the participants and training leaders in the community. The program will be delivered to 300 children, aged 9-12 years of age (more than 50% girls), in 12 communities across Ontario over a two year period.

Organization	Grant Amount	Project Title	Project Description
Golf Association of Ontario	\$114,080	Golf Ontario - Youth House League Golf	This project will introduce "house league" golf for boys and girls currently playing hockey at the FUNdamental and Learn to Train levels of the LTAD. The goal will be to engage hockey players in the game of golf in a fun, social and inclusive environment to keep them physically active in their off season while trying a new and complimentary sport to enhance their physical literacy and provide a team building opportunity off the ice.
Association of Ontario Snowboarders	\$70,626	The Riglet Project	The Riglet project will introduce the Burton Riglet equipment, curriculum and custom features to communities/resorts across the province. The Project will provide two days of programming for the fundamentals and Learn to Train stages of the CS4L-LTAD at 10 resorts/communities, two identified First Nation communities and provide adaptive and girl's only participation opportunities.
Le Centre canadien de la diversité des genres & de la sexualité / The Canadian Centre for Gender and Sexual Diversity	\$195,841	Creating safer spaces for gender & sexual minorities within recreational sports in Ontario	This project will build the capacity for sports organizations in Ontario to be more inclusive of LGBTQ people. This includes supporting organizations' ability to deliver quality sports and recreation programming that challenges pervasive and explicit homophobia and transphobic attitudes in sports. This project will include the training of 20,000 staff and volunteers across Ontario, and provide agencies with tools to train future staff and volunteers. Through experiential learning training, participants will gain new skills on how to shift their working styles to be more respectful and inclusive of gender and sexual minorities; how to deal with difficult situations; and how to improve outreach to LGBTQ persons.

Organization	Grant Amount	Project Title	Project Description
Canadian Association for the Advancement of Women and Sport and Physical Activity (CAAWS)	\$147,000	Increasing Physical Literacy for Women 55-70+ Through Adapted Fundamental Movement Skills Training	Through this project, capacity will be built in the community sport and recreation sector to deliver appropriate fundamental movement skills training to women 55-70+ specific to physical activities and sports women 55-70+ are interested in. This will increase physical literacy among women 55-70+ creating a foundation for lifelong physical activity participation.
Fédération de la jeunesse franco-ontarienne (FESFO) / Franco-Ontario Youth Federation	\$122,365	La jeunesse franco-ontarienne en santé	This project will enable Francophone youth to be part of a train the trainer program on physical literacy as well as planning and development of sporting activities. These participants will then return to their communities to implement sport and recreation opportunities for youth within their communities. This will provide francophone youth the opportunity to participate in physical activity and sport programming in their language.
Ontario Amateur Wrestling Association	\$22,500	Two-level sport program	This project will enhance Ontario Wrestling's programs by embedding Physical Literacy and increasing capacity in youth wrestling programs. The OAWA will achieve this by delivering print and video resources and developing instructors in the use of a basic Physical Literacy Toolkit. The basic Physical Literacy skills learned through this project will translate to the basic skills needed in virtually every sport and activity.

Organization	Grant Amount	Project Title	Project Description
Ontario Wheelchair Sports Association	\$16,440	Spoke Skills	The Spoke Skills project aims to streamline and strengthen the delivery of developmental wheelchair basketball programs across the province and improve physical literacy and fundamental wheelchair basketball skills of children by providing coaches with a curriculum and accompanying tools and resources.
Ontario Rugby Union	\$36,540	Rugby Ontario Flag Forever Program	This project will provide non-contact flag rugby programs for 300 participants across Ontario, including Children 11-12, Youth 13-24, Adults 25-50, low-income persons, women and girls. The program will align with Stage 3 - Learning to Train and Stage 7 - Active For Life of the CS4L continuum. The project will include the certification of 16 coaches at the Non-Contact Community Initiation Level of NCCP to build capacity to conduct the program and to create a legacy to strengthen the rugby community.
