

2017-18 Ontario Sport and Recreation Communities Programs Fund (OSRCF)

Local/Regional EAST REGION

Organization	City/Town	Approved Amount	Project Name	Project Description
Alderville First Nation	Roseneath	\$ 46,568.00	Alderville First Nation Community Recreation Program	This project will hire a part-time Recreation Worker to assist the Community Aboriginal Recreational Activator along with sports equipment and supplies, providing increased access to sport and recreation activities to 750 community members of all age groups. The Alderville First Nation Community Recreation Plan will build capacity and support sports such as youth soccer, children's and adults baseball, lacrosse camp, swimming, skating and seniors functional fitness activities.
Algonquins of Pikwakanagan	Pikwakanagan	\$ 20,568.00	Outdoor Active in Pikwakanagan	This project will fund the Outdoor Active in Pikwakanagan initiative which will bring individuals out to enjoy the outdoors. The goal is to motivate at least 100 individuals to become more active and at the same time positively stimulate the mind and spirit.
Big Brothers Big Sisters of Lanark County	Smiths Falls	\$ 136,992.00	Active	This project will build organizational capacity for YAK Youth Services and Big Brothers Big Sisters of Lanark County to increase physical activity opportunities for 750 children and youth at 11 locations across Lanark County. The "Active After School in Lanark County" program is free and children in the multi-sports after school program will participate in a variety of well-structured activities that develop basic skills and focus on fun.
Big Brothers Big Sisters of Northumberland	Port Hope	\$ 99,000.00	Hoops 'n' Homework	This project will increase the availability of accessible sports and life-skills activities for 200 marginalized and "at risk" children in rural and low-income communities across Northumberland

land				County. Hoops 'n' Homework will train at least 10 mentors in physical literacy and fundamentals of sport to provide leadership and mentorship to participants, to build youth programming capacity and encourage lifelong active living.
Capital Wave	NEPEAN	\$ 32,222.00	Get fit: Play Water Polo!	The project will introduce 1,700 children aged 6-14 to the sport of water polo by focusing on swimming and water safety, fundamental movements and skills, and fun games in a non-competitive and inclusive environment. <i>Try It Water Polo Hour</i> will offer introductory water polo sessions to children aged 6-12 who are enrolled in summer swimming camps at City of Ottawa pools. <i>Get Fit Water Polo Sessions</i> will teach the FUNdamentals of the sport to 120 children aged 6-14 over an 8-week program. In addition, the project will train 8 youth aged 15-18 years old to lead and coach children participating in the sessions.
Centre Charles-Émile-Claude, centre polyvalent des ainé(e)s inc	Cornwall	\$ 53,166.00	On s'active, au CCEC	This project will allow for the extension of current physical activity programming and will provide for the introduction of new sport activities to the senior community in Cornwall. Through the "On s' active, au CCEC" initiative, the Centre Charles-Émile-Claude will be able to purchase equipment for participants to utilize and become more active.
Centre des services communautaires Vanier	Ottawa	\$ 71,372.00	Bouger +	The "Get moving" project will offer 150 low income children aged 6-12 in Vanier the opportunity to learn golf, baseball, handball, ultimate frisbee and tennis. An additional 75 participants will be selected to participate in 6 week summer sport camps. All programming will be led by volunteers and special guest invitees as well as 5 part-time instructors who will receive training in High Five, FMS and First Aid CPR.
Christie Lake Kids	Ottawa	\$ 67,770.00	Leaders in Training Physical Literacy Program	The Leaders in Training Physical Literacy Program will partner with PHE Canada to deliver fundamental movement skills training to 200 youth aged 13-16 and 50 adults who are a part of Christie Lake Kids' Leaders in Training (LIT) program. Their training will enable the LITs to teach FMS to 600 children aged 6-12 who

				participate in the camp's Skills Through Activity and Recreation (STAR) Program during the school year and the summer months.
Corporation of the Municipality of North Grenville	Kemptville	\$ 54,220.00	North Grenville Trail Use and Promotion Strategy	This project will attract up to 500 new trail and cycling participants in North Grenville. North Grenville Trail Use and Promotion Strategy will achieve this: by developing new resources such as web-based and printed maps and consistent bilingual safety and etiquette guidelines; by uniting stakeholders to undertake user surveys, share resources, remove barriers to participation and cross promote information; and by conducting outreach through new trail events, training programs and media campaigns.
Curve Lake First Nation	Curve Lake	\$ 67,968.00	Passport to Bmaadziwin	This project will assist Curve Lake First Nation implement Passport to Bmaadziwin which will reach 245 youth in the Community and 145 Elders/Seniors by providing opportunities for learning the Ojibwe language, culturally relevant sports and land/water-based teachings and learnings. Funds will support a Youth Culture and Recreation Worker to work with youth and Elders to enhance cultural and physical activity for an active community.
Developmental Services of Leeds and Grenville	Brockville	\$ 33,300.00	'Tumbling Together' & 'Little Kids Gotta Move- in Child Care'	This project will ensure sustainability of Tumbling Together teams by training additional staff and developing resources. Tumbling Together (TT), is an intensive program offered in a gymnastics setting focused on early physical literacy & participation skills in 3-5 year olds with multiple complex disabilities (autism spectrum disorder, developmental delays, language/communication disorders, anxiety, sensory/self-regulation dysfunction). It will expand community capacity to consolidate the emerging physical literacy of children into their child care environments through development of the "Little Kids Gotta Move in Child Care" program. The result will be a user friendly curriculum specifically adapted to the child care setting, staff with a deeper understanding of fundamental physical literacy concepts.
Hockey Eastern	Gloucester	\$ 52,000.00	Cross Ice Skills Clinics & Initiation Program Enhancement	This project will further develop more than 1000 Hockey Eastern Ontario coaches and 4000 5-6 year old players by supporting

Ontario				associations and coaches in the implementation of the Hockey Canada Initiation Program. The initiation program is the base of the hockey pyramid and all hockey foundations are built on it. Cross Ice Skills Clinics and Initiation Program Enhancement project will increase skill development of young players, thereby increasing participation and legacy.
John Howard Society of Belleville and District	Belleville	\$ 55,131.00	Connection Point - connecting at-risk youth to activities in the community	This project will create a partnership that enables 200 low income and at-risk youth from various Belleville neighbourhoods to engage in recreational and physical activities. Connection Point will encourage participation in a youth committee to provide input into the project and empower youth to take an active role in use of resources. Connection Point will create a directory of sports and recreation activities and a Connect Passport Program with a baseline of participation to encourage involvement.
Kingston: Partners for a Safe Community	Kingston	\$ 11,675.00	Paddle Safe Kingston	The "Paddle Safe Kingston" project will provide 250 Kingston and area residents with a free, 3-hour paddle boarding safety clinic focusing on developing water skills and introducing participants to the sport.
Lanark County Therapeutic Riding Program	Carleton Place	\$ 53,395.00	Stable Thinking	This project will increase the opportunity for up to 200 youth identified as having mental health illness to participate in accessible & safe programming and increase their physical literacy by 50% over a 2 year period and teach the importance of physical literacy. "Stable Thinking" will also train up to 200 volunteer leaders to assist with this programming therefore strengthening capacity and contributing to the longevity and legacy of Therapeutic Riding Programming.
Lowertown Community Resource Centre	Ottawa	\$ 105,468.00	On the Move : Step Up Lowertown	The "On the Move: Step Up Lowertown" project will offer a variety of no-cost sports and recreation based programs to 180 participants living below the low-income cutoff level in Lowertown. 125 children and youth aged 6-17 years will participate in the "Swordfish" Swim Program. 30 women will participate in the mother/daughter Aquafit Aerobics Program and 25 older adults in the "Fit 'n' Fifty" Program.

Northumberland Sports Council	Port Hope	\$ 90,212.00	Northumberland County Physical Literacy For Communities Project	This project will educate, train and mentor Northumberland Sports Council member organizations and their communities in the benefits of physical literacy. Northumberland County Physical Literacy for Communities Project will provide leadership, engagement and training to enable Northumberland County to become a Physically Literate Community using a successful model promoted by Canada Sport for Life to provide on-the-ground support for program development, sector specific training in measurement, tracking and evaluation. Over the course of this project 100 staff and volunteers will be trained and 500 qualified leaders across the County will be created.
OCH Foundation	NEPEAN	\$ 119,065.00	recLINK	This project will offer proactive outreach and access to subsidized recreation for 300 children and youth living in "recreation deserts" within the Ottawa Community Housing neighbourhoods. recLINK helps children and youth (ages 6-18) participate in recreation during critical after-school hours by identifying and helping them overcome barriers to participation including financial, language, transportation, social isolation, parental capacity and knowledge of sports systems and supporting organizations. recLINK will work with 20 community sports clubs, facilitating the participation of children who have not yet benefited from structured/semi-structured social recreation activities.
Ottawa Rowing Club	Ottawa	\$ 47,150.00	Let's Row Ottawa!	The "Let's Row Ottawa" project will bring a mobile learn to row program to 8 partnering schools teaching the basics of rowing to 1440 participants. Two instructors will bring the mobile program to the partnering schools for 1 week during the fall and winter semesters. In the month of June every participant will have the opportunity to participate in a "Learn to Row" day on the water at the Ottawa Rowing Club. The Learn to Row curriculum and program materials will be shared with the physical education department at each of the 8 partnering schools, thereby increasing their capacity to introduce rowing as a sport to youth.

Plant Pool Recreation Association	Ottawa	\$ 8,500.00	"FUNdamentals at Plouffe Park Summer Drop-in 2017"	This project will provide one hour per day of coaching/training for 110 youth to increase learning of fundamental sports. The FUNdamentals at Plouffe Park Summer Drop-in-2017 project will increase opportunities for marginalized youth to learn to play various sports including; basketball, tennis, volleyball, badminton and ultimate frisbee and learn to swim.
Seniors Association Kingston Region	Kingston	\$ 69,669.00	Closer to Home: Connecting Seniors to a Healthy Lifestyle	The "Closer To Home - Connecting Seniors to a Healthy Lifestyle" project will research, develop and deliver 14 recreational fitness programs and 8 educational presentations to 500 seniors and older adults in the west end of Kingston and the eastern part of Loyalist Township.
Southern Frontenac Community Services Corporation	Sydenham	\$ 8,112.00	Seniors' Fitness Instructor Course (SFIC) Training for Staff and Volunteers	The "Seniors Fitness Instructor Course Training for Staff and Volunteers" project will enhance capacity in this organization by providing extensive training to three staff and five volunteers who will deliver seniors' fitness and sport programs in a rural area to approximately 100 persons.
The City of Ottawa Ringette Association	Ottawa	\$ 5,504.00	Ringette: Join the Team	This project will increase opportunities for up to 50 children - predominantly girls - to participate in the sport of Ringette. Ringette: Join the Team is an equipment lending program for some of the specialized gear - sticks and masks - to all new players, and lending full safety equipment - shoulder, elbow and shin guards, mouth guards, neck guards - to those from low income families. Expected 50 children participants.
The Switch Yard	Bancroft	\$ 18,000.00	SWITCH YARD BALL HOCKEY HOUSE LEAGUE - TYKE DIVISION	This project will provide an opportunity for 70 rural area children to participate in the Switch Yard Ball Hockey House League - Tyke Division. The project-created league will encourage sport fundamentals and skill development in 5-6 year olds from a rural area. Over two years, the project will encourage an interest in sport that looks promotes life-long physical activity and a healthy lifestyle as the participants integrate into the community's sports programs.
The Township of Algonquin	Algonquin Highlands	\$ 2,277.00	Pickleball for Life! In Algonquin Highlands	This project will assist the Township of Algonquin Highlands to increase physical activity opportunities to 40 older adults and seniors. The "Pickleball for Life! In Algonquin Highlands" program

Highlands				will provide an outdoor court and equipment for a new weekly outdoor recreational activity in the community.
The Township of Madawaska Valley	Barry's Bay	\$ 77,760.00	Township of Madawaska Valley Extended Swim Program	This project will provide an alternative affordable winter recreation option for rural Renfrew County residents who currently do not have access to a pool. This initiative will provide 846 hours of swim program times for 500 participants (youth, adults, and seniors).
The Township of Minden Hills	Minden	\$ 23,845.00	Get outside Minden! ~In Season, Every Season	This project will assist the Township of Minden Hills to offer recreational opportunities for 300 older adults, seniors and families. The "Get Outside Minden! – In Season, Every Season" program will include guided hikes, paddling excursions and production of trail and waterway maps to support an active lifestyle within their community.
The Township of North Stormont	Berwick	\$ 5,000.00	Crysler Sports Program	This project will allow the citizens of North Stormont to explore new sporting opportunities and revitalize recreation and physical activity programming. Through the purchase of equipment, the Chrysler Sports Program initiative will improve the quality and range of services and engage nearly 300 participants.
The Township of Russell	Embrun	\$ 7,280.00	Programme de raquette communautaire	This project will allow the Township of Russell to introduce a new, accessible snowshoe program to its residents. The "Programme de raquette communautaire" initiative will offer an opportunity to people to be active and also to market the recreational trail of the region.
Ville de Casselman	Casselman	\$ 10,936.00	Mouvement Casselman	This project will provide opportunities to residents of Casselman to be more active. Through the ``Mouvement Casselman`` initiative, the Municipality of Casselman will be able to acquire the necessary equipment and offer a variety of new physical activity programming to different groups.
