

2013-14 Ontario Sport and Recreation Communities Fund (OSRCF) Provincial Projects

A table of successful applicants. Each row is a different project and contains the following information: municipality, organization, grant amount, project title, and project description.

Organization	Approved Amount	Project Title	Project Descriptions
8-80 Cities	\$181,255	Opening Our Streets for Sport and Recreation in Ontario	This project will mobilize 10,500 people to be physically active by inspiring and supporting the implementation of Open Streets programs in four municipalities across Ontario. Open Streets are programs where the streets are opened to people and closed to cars; the streets become “paved parks”. The project will also use capacity building workshops to train at least 80 people and 10 municipalities across Ontario on how to implement Open Streets programs, and will create an open-source Ontario Open Streets Implementation Guide to be disseminated to 30 municipalities across Ontario.
Canadian Association for the Advancement of Women and Sport and Physical Activity (CAAWS)	\$131,100	Actively Engaging Women and Girls Across Ontario	This project will increase the community sport and recreation sector’s capacity to increase participation and leadership of women and girls. It addresses a gap in gender-specific knowledge not currently part of the Canadian Sport for Life foundation documents by developing a supplemental document that includes a number of strategies to enhance policy, practice, and program and service delivery in communities across the Province. Through a series of 10 educational webinars, 10 videos and 10 targeted initiatives, supported by a network of Champions will provide gender specific information addressing the psycho-social factors influencing the participation of women and girls in sport and recreation.
Canadian Mental Health Association- Ontario	\$154,250	Mood Walks	The 'Mood Walks' project will develop, implement and evaluate an educational walking and hiking program for older adults living with mental illness. This project will provide training and support for 30 community mental health agencies across Ontario to launch new walking programs, connect with local hiking clubs, and improve access to parks, hiking trails, conservation areas, and other resources in the community.

Organization	Approved Amount	Project Title	Project Descriptions
Community Sport Councils Ontario	\$40,374	Building Multi-Sport Frameworks to Support Physical Literacy	This project will create frameworks for partnership between sport, recreation and other stakeholder organizations in five Ontario communities. A minimum of five Champions per community (25 across the project) will be trained in use of a Canadian Sport for Life (CS4L) Community Assessment tool and new physical literacy Physical Literacy Assessment for Youth (PLAY) tools. Three to five new collaborative physical literacy projects per community will reach a minimum of 50 participants under 12 years old each meaning 750-1,250 across the project will be identified within the community plans.
Education Arts Canada	\$248,500	JiggiJump Sport and Fitness Fest	This project will support the JiggiJump Sport and Fitness Fest (JSFF) building on the JiggiJump's program's successes in increasing physical literacy, developing fundamental movement skills, and providing a foundation for active, healthy living for Ontario's children aged 2-12 years. Specifically, JSFF will provide 12 free community concerts, CD resource kits, and 12 community sport and fitness fairs to 12,000 children and young family members across the province. In response to requests from community groups, a new full-length JiggiJump class and train-the-trainers model will be developed and pilot-tested through a partnership with the Canadian Intramural Recreation Association (CIRA) and Boys and Girls Clubs of Canada. In addition, the JSFF will help promote and enhance the Ontario Government's prior investment in the JiggiJump television series, set to air later this year on CBC television.
Freestyle Skiing Ontario	\$180,400	SuperClub Development Project	This project will design a professionally structured, hands-on freestyle skiing curriculum designed to be implemented at ski resorts across Ontario. The ParkScapers program teaches ski resort operators and coaches how to build safe and effective freestyle terrain facilities for young skiers. Freestyle Skiing Ontario (FSO) will create an outreach strategy to engage new and existing skiers and enable them to try freestyle activities in a safe and structured manner. FSO will deliver 3 symposiums annually, targeting 126 sport leaders at 21 clubs. The symposiums will teach sport leaders how to engage youth in lifelong participation in freestyle skiing. This project will involve 21 site visits, 8 "Try Freestyle" events with expert coaches.

Organization	Approved Amount	Project Title	Project Descriptions
Green Communities Canada	\$149,621	WALK Friendly Ontario Roll Out Project	This project will launch a 'WALK Friendly Ontario Designation' program. The program entails outreach to invite community applications to be awarded designations of Bronze, Silver, Gold and Platinum levels as WALK Friendly communities. The program gives walking a prominent profile and encourages municipal governments to set targets for ongoing improvements to their recreational trails and to encourage sport and recreation facilities, clubs and events to get people out walking.
Leisure Information Network	\$157,485	Evaluation Tools for Physical Activity Programs	This project will identify the most successful programs from a database of over 1,000 physical activity and healthy living program examples. This benchmarking exercise will improve communication of program examples and program results among municipalities and community sport organizations and strengthen the sector's ability to evaluate the effectiveness of its programs.
Ontario Basketball	\$346,536	Mega Hoops Ontario Community	The Mega Hoops Ontario Community Project will recruit and train 480 Community Coaches, create a curriculum aligned with Canadian Sport for Life, including parent education resources, and fund 80 programs in traditionally underserved communities that support the participation of more than 4,000 children under the age of twelve.
Ontario Disc Sports Association	\$36,000	Try Ultimate!	This project will develop an initiation program that uses the fundamental movement skills for the sport of Ultimate Frisbee to introduce new participants from ages 10-16. The program is based around initiation events that will introduce basic rules, gameplay and fundamental movements of the sport. The program has a necessary training component for facilitators to ensure consistent and safe delivery techniques, messaging and branding for the program. Over the next two years, the initial pilots of the program will train 26 volunteers in 13 communities and introduce over 1,000 new youth participants.

Organization	Approved Amount	Project Title	Project Descriptions
Ontario Soccer Association	\$179,003	Get in the Games	The 'Get in the Games' project will champion, in partnership with the Pan Am/Para Pan American Games, the building of soccer community volunteers including 420 referees, 1,260 coaches and 420 administrators across the 21 local communities. They will work to create the ideal soccer festival and 21 talented Volunteer Champions will be selected to play an active role in the 2015 Games. Get in the Games will advance Long-Term Player Development (LTPD) implementation, develop resources and new volunteers in local communities and deliver to the Pan Am/ParaPan Am Games a core of trained volunteers.
Ontario Tennis Association	\$143,020	Kids' Tennis	This project will provide a high-energy tennis-based workout which will teach the fundamentals of tennis, elevate participants' heart rates into the aerobic training zone, and promote healthy foods and beverages as part of a nutritious diet.. Kids' Tennis, delivered to children aged 5-12, will reach over 100,000 participants in elementary schools, Ontario Tennis Association community clubs, recreation centres and at large-scale public events province-wide.
Ontario Weightlifting Association	\$40,400	OWA - First Start	This project will reach out to 36 Ontario Weightlifting Association member clubs, 6 YMCA's, the Ontario Blind Sports Association, Goalball and 89 Boxing Ontario clubs to promote a grass roots training of community/club coaches for Canadian Sport for Life Active Start, FUNdamentals and Learning to Train levels. This project will run 24 Club Coaching Clinics for 230 Club Coaching participants, with a total of 4,600 participants in the program.
ParaSport Ontario	\$173,600	ParaSport Provincial Partnership	This project will increase the rate of participation of those with a physical disability in organized sport. By eliminating barriers, educating about ParaSport and physical literacy opportunities and engaging and empowering provincial and community-based sport organizations, high-quality, safe and sustainable ParaSport programming will be developed. The ParaSport Provincial Partnership is a partnership between ParaSport Ontario, the Canadian Paralympic Committee and three Provincial Sport Organizations (Ontario Volleyball Association, Ontario Cycling Association, and Alpine Ontario).

Organization	Approved Amount	Project Title	Project Descriptions
ROWONTARIO	\$65,200	Igniting Para-Rowing For All: Para-Rowing Recruitment & Engagement	This project will be delivered across Ontario with partner rowing clubs to enhance capacity, develop long-term partnerships, increase engagement and remove barriers for persons with a disability to participate in rowing. This project will aim to introduce 400 new people in to the sport of para-rowing. To sustain and support this project, ROWONTARIO will train 60 new volunteers and coaches.
Scouts Canada, Ontario Division	\$156,000	Scouts' Healthy and Active Planned Program Initiative (HAPPI)	This project will evaluate Scouts programming to ensure relevancy to children and youth in today's modern age. The integration of healthy and active programming will be implemented through a strategy which includes new training programs to reach 12,000 staff and volunteers, a full camping strategy, the development of new healthy-active programming activities, the creation of an Ontario Volunteer Recruitment Strategy to better attract young students to Scouts, and an emphasis on our in-school programming which eliminates financial barriers to participate. This program will have an impact on more than 50,000 children and youth.
Skate Ontario	\$197,220	New CanSkate Program	This project will provide each of Skate Ontario's 358 skating clubs across Ontario with a 'CanSkate tool kit ' to launch the new CanSkate program. The CanSkate program teaches participants the fundamentals of skating, with an emphasis on continuous improvement and skill development. A big part of this new program are the teaching aids, music and signage which makes up the CanSkate kit, which will be produced and delivered to clubs across Ontario.
Special Olympics Ontario	\$150,513	Pathways for Youth Development	This project will address capacity and participation with respect to the inclusion of youth with intellectual disabilities in physical activity programs in schools and in their community. By recruiting 312 volunteers and coaches, and the creation of resources and training these volunteers will implement two existing (ActiveStart & FUNdamentals) and one new (Youth Multi-Sport) program targeted specifically at athletes under the age of 18. This project will create 104 new and sustainable programs over two years increasing capacity for younger athletes by 3,360 spaces.

Organization	Approved Amount	Project Title	Project Descriptions
University of Western Ontario - Canadian Centre for Activity and Aging	\$117,264	Enabling Health Promoters to Link Older Adults to Exercise Opportunities	The project will provide approximately 4,000 older adults in six regions in Ontario the opportunity to be linked to a safe and appropriate physical activity opportunity that best suits their needs. Approximately 120 Health Promoters from public health, community centres, adult day programs, and fitness clubs will be given the knowledge they need to identify opportunities in which the older adult can improve health, mobility and well-being.

2013-14 Ontario Sport and Recreation Communities Fund (OSRCF) Local/Regional Projects

CENTRAL REGION

A table of successful applicants. Each row is a different project and contains the following information: municipality, organization, grant amount, project title, and project description.

Municipality	Organization	Grant Amount	Project Title	Project Description
Bracebridge	Bracebridge, Town of	\$26,400.00	Get Up and Move	This project will establish three new inclusive programs that decrease barriers and increase participation in recreation to meet the needs of older adults, seniors, young families and youth. Programs include a adapted land and aquatic group exercise program for seniors as well as a family-focused aquatic program.
Brampton	Bramalea Christian Fellowship	\$39,100.00	North-East Brampton Fitness & Recreational project	This project will create new physical activity opportunities for children and youth and older adults in North-East Brampton. Programs will include a summer sport and recreation camp, a youth basketball skills program, and a volunteer development seminar.
Toronto	Broad Reach Foundation For Youth Leaders	\$49,887.00	HoldFast!	This project will recruit 450 youth from Toronto and Whitby priority communities, and teach them fundamental sailing skills while increasing their access to physical activity programs.
Cannington	Brock, Township of	\$143,705.00	BROCK SPORT RECREATION DEVELOPMENT INITIATIVE (BSRDI)	This project will develop a Sports Council, implement a Recreation and Community Services Strategy and deliver a community fitness and recreation program for the Township of Brock.

Municipality	Organization	Grant Amount	Project Title	Project Description
Burlington	Burlington, City of	\$90,400.00	Camp Adventure	This program will support a new summer camp physical activity program for youth with challenging behavioural needs to teach Fundamental Movement Skills and promote lifelong activity.
King	Caregiving Matters	\$44,014.00	The ABC's of Golf for Family Caregivers	This project will implement a new "ABCs of Golf" program in rural King Township and online, targeted to introduce isolated and inactive family caregivers to the recreational sport of golf and encourage them to return if they have stopped playing the sport.
Brampton	Catholic Family Services Peel-Dufferin	\$84,285.00	Active Families, Healthy Families	This project will support the delivery of a fundamental movement skills (FMS) program for children and adults who have experienced violence, including identifying fee-assistance programs and training staff.
Barrie	Catulpa Community Support Services Inc.	\$36,220.00	Inclusive Recreation for Tay (Transitional Aged Youth)	This project will promote access to recreation for youth with disabilities through inclusiveness education and specific training for recreation providers as well as local workshops for youth that will build fundamental movement and other skills to encourage participation.
Markham	City of Markham	\$22,776.00	(A) Sport Leadership Program + (B) Newcomer/Immigrant Recreation Awareness Strategy	This project will expand opportunities for participation in recreation and sport by offering new Sport Leadership and Newcomer/Immigrant Recreation programs and NCCP Level 1 coaching, HIGH FIVE, and Standard First Aid (SFA) training and certification to youth sport leaders.

Municipality	Organization	Grant Amount	Project Title	Project Description
Burlington	Community Development Halton	\$96,374.00	North BurLINKton Active Neighbourhoods	This project will be a physical literacy project providing fundamental movement, sport and recreation opportunities for low income children and youth. This includes creating four sport and recreation programs, hosting six special events to introduce children and youth to new sports and activities, delivering an after-school program, running a gymnastics program and leading weekly peer-led sport and recreation games and activities facilitate by trained youth.
Toronto	Community Matters Toronto	\$57,172.00	Active Children in St. James Town	This project will develop fundamental movement skills in 2,200 children (ages 0-9) and their families by training 15 community leaders in physical literacy and equipping them with tools and resources to help build capacity and raise awareness.
Toronto	CultureLink Settlement Services	\$16,282.00	Wintegration Club	The Wintegration Club initiative will increase physical activity for 150 newcomers of all ages by engaging them in a variety of outdoor recreational opportunities during autumn and winter. For many newcomers, this will be an opportunity for them to try new activities like skating, skiing, tobogganing, snowboarding, pick-up hockey, curling and hiking. Through this program, participants will experience cold weather outdoor recreation as an enjoyable part of Canadian culture and their settlement process, fostering the establishment of healthy habits over the long-term.
Toronto	Delta Family Resource Centre	\$75,967.00	Diverse Communities Get Active in Humber Summit	This project will increase access and develop physical literacy skills in a variety of outdoor activities and sports such as soccer and basketball that will encourage diverse newcomer families to lead healthy, active lives.

Municipality	Organization	Grant Amount	Project Title	Project Description
Mississauga	EcoSource	\$41,700.00	ReRooted in Play	This project will support the implementation of the "Re-Rooted in Play" program to deliver 60 outdoor play-based physical activity sessions to 500 participants in 5 locations in Mississauga. Each session will include: a physical activity, series of Play based activities and games, park walk/hike, healthy snack, Pan Am sport highlight and a take-home family action challenge.
Toronto	Etobicoke Services For Seniors	\$62,600.00	Going for Gold in the Golden Years	This project will develop, promote, implement and evaluate an accessible, evidence-based physical activity and physical literacy program at Cloverdale Mall and St. James Food Basket for 300 older adults living in Central West Toronto. The project will also develop 10 peer educators and mentors who will train seniors in the Home Support Exercise Program.
Newmarket	Girls Incorporated of York Region	\$54,420.00	Sporting Chance	This project will expand Girls Incorporated of York Region's successful pilot of the Sporting Chance program to enhance girls' motor skills and introduce girls to a range of organized and individual sports. Activities will include basketball, baseball, soccer, table tennis, horse-back riding, hiking, rock climbing, skating, swimming, and canoeing.
Huntsville	Huntsville/Lake Of Bays Chamber of Commerce	\$90,000.00	Huntsville/Lake of Bays Sport Council	This project will build capacity through the establishment of a Sports Council that supports local organizations with training and development of sustainable quality sports programming aligned with the Canadian Sport for Life Continuum.

Municipality	Organization	Grant Amount	Project Title	Project Description
King City	King, Township of	\$50,070.00	Breaking Barriers- Increasing Youth Participation in Recreation	This project will increase youth participation in the sports of curling and cycling through a new Breaking Barriers- Increasing Youth Participation initiative by hosting a bike rodeo and a "bike to work week" and bringing bikes and helmets to schools to teach basic biking skills and bike and road safety.
Toronto	LAMP Community Health Centre	\$135,134.00	D.R.I.V.E. Diversity in Recreation Ignites Vitality in Everyone	This project will engage over 500 low income children and youth in becoming active by increasing access to recreational opportunities in the South/Central Etobicoke community. The project includes a parent and child program, an introduction for 'tweens' to the Pan/Parapan American Games; and dance, house basketball league, leadership recreational camps and a fitness program for teens.
Mississauga	MIAG Centre for Diverse Women & Families	\$49,398.00	Active Family Teams in Action	This project will provide new opportunities for 200 ethnocultural families to participate in sport and recreation programs including trail hikes, yoga sessions, soccer and badminton, volleyball programs and ending with a community forum to share experiences and evaluate the program.
Milton	Milton, Town of	\$156,933.00	Town of Milton Cycling Participation Strategy	This project will support the development of a Cycling Participation Strategy to increase participation and build awareness of the 2015 Pan/Parapan Am Games. This project includes the hiring of a cycling specialist to develop the vision and action plan and the implementation of the strategy recommendations.

Municipality	Organization	Grant Amount	Project Title	Project Description
Mississauga	Mississauga, City of	\$169,420.00	The City of Mississauga HIGH FIVE Accreditation Project	This project will will train and certify 3,400 front-line recreation on HIGH FIVE Quality Assurance standard requirements such as ensuring that the principles of healthy child development are supported in all programs. A marketing strategy will also be developed for parents to increase awareness of HIGH FIVE and its benefits for children's programming.
Port Carling	Muskoka Lakes, Township of	\$7,000.00	Township of Muskoka Lakes Municipal Sport and Recreation Capacity Development	This project will reduce barriers and increase access to participation through the development of strategies and policies specific to addressing community and low-income needs. This project will include a review of current best practises in municipal sport and recreation planning, a review and alignment with the Canadian Sport for Life continuum, and identification of new community partners and funding opportunities.
Oakville	Oakville Gymnastics Club	\$26,977.00	Coach Training and Development	This project will assist the Club in training new gymnastic coaches and enhancing the qualifications of existing coaches to increase the number of programs that can be offered. The project will recruit and train 48 new leaders, work with current coaches to assist them in getting on the path to coaching certification, and support seven of the current Level 1 coaches with further coaching development.

Municipality	Organization	Grant Amount	Project Title	Project Description
Oakville	Oakville, Town of	\$104,310.00	Make Your Move	This project will support the implementation of intergenerational programs encouraging families to get active together and learn lifelong skills as part of the town's "Make Your Move" strategy. The program will Implement the Lifesaving Society "Swim to Survive" program, develop the "Road to the Podium" program, provide an active leadership workshop series for sport and recreation staff, develop trails programming, and implement a skate and helmet loan program.
Oro	Oro-Medonte, Township of	\$11,300.00	Municipal Inclusion Program	This project will reduce barriers for children with special needs through the development and implementation of an Inclusion Training Manual for recreation programming. This project includes the hiring of a Municipal Inclusion Leader and will be evaluated and shared with other municipalities through the Simcoe County Recreationists Association.
Oshawa	Oshawa, City of	\$23,428.00	Active Kids for Life	This project will offer a new physical literacy and fundamental movement skills program targeting 540 children in low income neighbourhoods. The two year project will engage approximately 600 children by promoting barrier-free opportunities through 90 minute classes, 3 times per week and encourage parents of young children to get their children active.
Pickering	Pickering Soccer Club Inc.	\$82,625.00	Making "IT" Happen: CS4L Young Coaches Project	This project will provide coaching certification to 25 youth, introduce new programs to increase physical literacy and physical activity among parents and older adults and create templates, tools and guides that can be shared broadly.

Municipality	Organization	Grant Amount	Project Title	Project Description
Toronto	Réseau de Chercheures Africaines	\$50,668.00	Le sport m'intègre	The project will reduce barriers to participation and increase access for diverse francophone newcomer women through the establishment of new programming for the sport of Nzango, culminating in a Nzango tournament.
Minesing	Springwater, Township of	\$14,700.00	Springwater Slam	This project will reduce barriers and increase access to participation in sport through the establishment of new softball programming for rural children.
Keswick	Town of Georgina	\$37,545.00	Uniting Georgina Through Sport and Recreation Fundamentals	This project will implement the new Uniting Georgina Through Sport and Recreation Fundamentals project to increase sport and recreation opportunities for persons with disabilities and host a Georgina ParaPan Games event. The Township will collaborate with five small communities including Anten Mills, Hillsdale, Elmvale, Minesing and Phelpston to develop softball programming for children aged 6 to 12.
Toronto	West Scarborough Neighbourhood Centre	\$67,000.00	West Scarborough Aquatics - On the Move	This project will offer swimming and leadership programs for low-income children and youth in the priority neighbourhoods of Teesdale/Oakridge, Crescent Town/Taylor Massey and Steeles/L'amoreaux. This project will deliver a physical literacy and fundamental movement skills swim program to local elementary schools for 480 children during school hours, provide aquatic leadership certification to 360 youth, and introduce a Summer Swim Camp for children ages 6 to 12 in an effort to heighten awareness of the Toronto 2015 Pan/Parapan American Games.

Municipality	Organization	Grant Amount	Project Title	Project Description
Whitby	Whitby, Town of	\$60,000.00	Whitby's Summer Playground Program	This project will offer a new physical literacy and fundamental movement skills program targeting 500 children in low-income neighbourhoods. Each site will aim to raise awareness and heighten engagement of 2015 Pan/Parapan American Games by including sporting events such as badminton, basketball, bocce, soccer, field hockey, handball, volleyball, softball, and track and field.
Weston	York West Active Living Centre	\$47,189.00	MEN: Be Active, Live Healthy.	This project will use findings from focus groups to help develop and pilot a fitness program for older adult men in Toronto's York South Weston community, to engage them in living healthier, more physically active lifestyles.

2013-14 Ontario Sport and Recreation Communities Fund (OSRCF) Local/Regional Projects

EAST REGION

A table of successful applicants. Each row is a different project and contains the following information: municipality, organization, grant amount, project title, and project description.

Municipality	Organization	Grant Amount	Project Title	Project Description
Algonquin Highlands	Algonquin Highlands, Township of	\$6,500.00	Algonquin Highlands Sport for Life Program	This project will support the implementation of the Algonquin Highlands Sport for Life initiative, a range of indoor and outdoor activities for women and girls as well as older adults. New programming includes belly dancing for women and girls, yoga, pickle ball, snow shoe instruction, cross country ski instruction, and zumba classes.
Arnprior	Arnprior, Town of	\$47,317.00	Get The Ball Rolling	This project will teach children, youth, families and seniors the fundamental skills they need to gain the confidence to live healthy lifestyles. Six High School Ambassadors will teach skills to hundreds of their peers. They will be offering a multitude of activities revolving around the Pan/Parapan Games to get the inactive population active and keep costs low, not just in town but throughout the County of Renfrew. This will further lead to the development of a county wide resource inventory.

Municipality	Organization	Grant Amount	Project Title	Project Description
Smiths Falls	Big Brothers Big Sisters of Lanark County	\$75,148.00	After School in Lanark County	This project will hire one After School program coordinator to overseeing the implementation programs in the region, develop standardized curriculum, and recruit volunteers. This free after school programming provides opportunity for children ages 8-16 from low income families to become more active, develop new skills, and access safe and high quality programs that are close to home. Using material from Big Brothers Big Sisters Go Girl and Game On programs, the 'curriculum' will include fun accessible physical activities, healthy food choices, and positive self-esteem building activities.
Lindsay	Boys and Girls Clubs of Kawartha Lakes	\$94,258.00	Boys & Girls Clubs of Kawartha Lakes SPIKES Volleyball Program	This project will engage over 1,100 children, youth and adults across the City of Kawartha Lakes in a SPIKES Volleyball program, providing indoor and beach volleyball at the Active Start, FUNdamentals, Learning to Train and Actife for Life levels of the Canadian Sport for Life continuum. Staff will receive FUNdamental Movements and National Coaching Certification training. Three School Board partners will provide registration and programming in ten CKL communities, removing transportation barriers and improving accessibility in a largely rural area.

Municipality	Organization	Grant Amount	Project Title	Project Description
Ottawa	Centre des services communautaires Vanier	\$65,339.00	Bouger Plus	<p>This project will offer free year round sport and recreation activities for children and youth aged 6-15 years in the Vanier area of Ottawa. Programming will be delivered in accordance with the four seasons in a multi-sport format. For each seasonal program, the focus will be on the participants' acquisition of fundamental movement skills in accordance with stages 1 & 2 of the CS4L continuum. In partnership with Ottawa Police Services, the Ontario Soccer Association, Vanier Bike Share, Ottawa Public Health and 3 City of Ottawa Community Centres, this project will enable 200+ low-income children and youth to participate in sports that they would otherwise not have the opportunity to.</p>
Ottawa	Children's Hospital of Eastern Ontario Research Institute Inc.	\$129,967.00	Putting Physical Literacy within REACH (Recreation, Education, Allied health, Coaching, Healthcare)	<p>This project will enhance the sport and recreation sectors capacity to screen children in the Ottawa area for physical literacy deficits through the REACH (Recreation, Education, Allied Health, Coaching, Healthcare) program. Accurately identifying physical literacy deficits enables REACH leaders, teachers and coaches to better support physical literacy and physical activity for all children.</p>

Municipality	Organization	Grant Amount	Project Title	Project Description
Ottawa	Christie Lake Kids	\$71,698.00	Fundamental Movement Skills Through Active Recreation (FMSTAR) – Physical Literacy building with low income participants	This project will introduce a standardized skill development model that will increase the integrity of sports programs. These sports include: soccer, basketball, karate, rockers (multi-sport), skating, hockey, swimming, mountain biking, climbing, canoeing, hip hop dance, yoga and dodge ball. FUNdamental Movement Skills training will be carried out by Ottawa based Physical & Health Education Canada (PHE Canada). First aid and CPR training for program volunteers is integral to safe programming and as such, will take place over the course of the two years of this project.
Campbellford	Community Living Campbellford Brighton	\$314,595.00	Health Energy Learning Motivation thru Sports	This project will provide sports education programming for over 1,300 people with intellectual disabilities to participate in 'Active for Life' stage sports in an area including Kingston, Cobourg, Peterborough, Bancroft, and Prince Edward County. With a network of 13 partners, the HELMS project will: train approximately 1,470 staff, volunteers, students and community partners; encourage participation and skills development; and build capacity through collaboration and shared leadership. The HELMS project will expand academic research into the effects of sports participation in the target group. Research findings will be broadly shared. In support of the 2015 Pan/ParaPan American Games, participants will “adopt” a sport to learn about and follow during the games, with options for games attendance or tv and internet viewing.

Municipality	Organization	Grant Amount	Project Title	Project Description
Haliburton	Dysart et al, Municipality of	\$72,000.00	Municipal Recreation Program Pilot Project	This project will support the implementation of the Municipal Recreation Program Pilot Project. It will provide new programming for up to 2,000 participants in the Village of Haliburton, which includes summer recreation opportunities for children and youth, after-school programming, intergenerational walking program, disc golf tournaments, a semi-annual "Try It! Be Active Haliburton Festival" and a free equipment-loaning program at the local library (for disc golf, tennis, beach volleyball and basketball). A comprehensive inventory of community recreation programs, assets and facilities will also be developed. This will be used to identify gaps and new opportunities for the municipality.
Gananoque	Gananoque, Town of	\$15,270.00	Gananoque Senior Programming Initiative	This project will provide affordable and safe recreational opportunities for seniors in the Town of Gananoque. The Town of Gananoque's project will promote physical health and increase physical literacy through the development of four new indoor and outdoor programs for 100 seniors. New programs for seniors will include Shuffleboard, Weekly Art Classes, Pickle Ball and Horse Shoes.

Municipality	Organization	Grant Amount	Project Title	Project Description
Alexandria	Glengarry Inter-Agency Group Inc.	\$60,320.00	DIY: Dundas Involved Youth	This project will apply the “Do It Yourself” philosophy, and will provide opportunities for youth aged 9-17 years, from South and North Dundas, to learn and participate in different sports and recreation activities. The Dundas Involved Youth program aims to provide opportunities for youth to try new sports without the barriers of cost for programs and equipment, and without the barrier of transportation. All of the sporting equipment is available for free to residents of the municipalities, and will continue to be available to youth who wish to continue practicing a sport. Also, municipalities have committed to providing free use of their arenas, walking trails and swimming pools.
Calabogie	Greater Madawaska, Township of	\$171,342.00	Greater Madawaska-Bonnechere Valley-North Algona Community Recreation Program	This project will develop Multi-Season Recreational Programing within three Townships: Greater Madawaska, Bonnechere Valley, and North Algona Wilberforce. Each of the three partners will identify needs through respective Recreation Committees and seniors' organizations. Training and leadership skills will be developed through use of certified instructors and private sector mentoring.

Municipality	Organization	Grant Amount	Project Title	Project Description
Gilmour	Limerick, Township of	\$32,000.00	A Healthier You	This project will support the implementation of A Healthier You, a range of new physical activity opportunities targeted at all ages in this rural area of northern Hastings County. This project includes five program elements including guided/themed hiking and biking tours in the McGeachie Conservation Area; swimming and canoeing lessons at Steenburg Lake; a new walking club at the Limerick Community Centre; youth firefighting training and a healthy eating program.
Ottawa	Lowertown Community Resource Centre	\$61,836.00	Active for life	This project will offer free aerobics classes and swimming lessons to low-income ethno-cultural women as well as a multi-sport summer camp for children aged 6-12 years. Lowertown Community Resource Centre's objectives are to target women and young children who are most in need of, and most at risk of not accessing quality standardized skills based sport and recreational activities.
Kemptville	North Grenville Curling Club	\$8,316.00	NGCC Little Rocks - Skills Award Program	This project will expand the knowledge of physical literacy and enhance the capacity and of the North Grenville Curling Club Little Rocks Program for children ages 7-12. This recreational program will provide training for 10 new coaches. This training will allow for the integration of fundamental movement skills and improved curling skills through the implementation of the Ontario Curling Association Skills Award Program.

Municipality	Organization	Grant Amount	Project Title	Project Description
