Introduction to the Sport Hosting Program

Overview

Sport events are important occasions to celebrate athletic performance and build community spirit. Ontario has proven it is an attractive venue for hosting high-profile national and international sport events, helping to create a culture that values sport and contributes to athlete development. Hosting national and international amateur sport events offers Ontario and its communities the opportunity to welcome visitors, showcase the province and its communities to a national and international audience and support the province's sport, recreation and physical activity culture.

Hosting sport events also increases tourism, creates jobs, enhances public infrastructure and increases economic development. Supporting sport events will ensure Ontario remains an attractive destination for sport hosting and provides opportunities for local communities to build their capacity to host future events.

The Sport Hosting Program will provide project-based funding to help applicants deliver major sport events in Ontario.

The objectives of the Sport Hosting Program are to:

- Create legacies that support sport in Ontario at the provincial, regional and local level.
- Provide economic benefits through increased levels of tourism and expenditures, as well as improved public infrastructure.
- Foster a culture of sport and physical activity in communities by creating role models and enhancing community spirit and involvement in sport.
- Increase opportunities for Ontario athletes to compete and participate in events in Ontario.
- Seek new avenues to further build and develop the sport capacity of the province by providing additional ways to develop and train coaches, officials and volunteers.
- Create a culture of sport that engages all Ontarians
- Increase affordable opportunities for Ontario athletes to compete at home to earn future national team opportunities.

2. Budget endorsed by the Board of Directors or Treasurer
3. Endorsement Letters from the relevant PSO, NSO, IF and/or Ministry of Heritage, Sport, Tourism and Culture Industries funded organization.
4. Sanctioning Letter
5. Projected Economic Impact Report

Your application will be considered ineligible if you have not provided all of the above documentation.

Application Form

The purpose of the Application Form is to:

- Outline how the event meets the eligibility requirements of the Program.
- Outline the scope of the event, timelines, the sports involved and the facilities that will be utilized.
- Provide background information about the proposed event including number of athletes, coaches, volunteers and spectators attending and expected viewership. If the event is national or international, list the provinces/territories/countries to be involved.

 - The legacy plan description should include details of the on-going sport and recreation legacies to the community and demonstrate this commitment is reflected in the event budget (eight percent of the total operational budget is the suggested benchmark).
 - A legacy for the purposes of this program is a tangible benefit that the event will leave behind, beyond the event itself. Legacy can be infrastructure improvements and/or sport/physical activity programming for youth. Programs such as National Coach Certification Program courses leading up to or following the event, additional certification

for event officials and equipment purchased for the event left behind for use by a local club or Provincial Sport Organization are all examples of legacy.

- Indicate the types of support from the organized sport community, municipalities and other groups participating in the event.

When preparing your plan, think of spectators, volunteers and participants' needs. For further information on considerations when creating a plan, refer to the [Guide to Accessible Festivals & Outdoor Events](#).

Budget

The budget document should provide a **detailed** explanation of operating revenues and expenses from all sources, including all levels of government. The operating budget must be endorsed by the Board of Directors or the Treasurer of the organization submitting the application.

Further information on what is required in a budget document can be found in the sport hosting evaluation matrix section of this document.

- Any costs of gifts, gratuities or other forms of recognition that are not part of the sport competition.
- Any costs which would conflict with the Government of [Ontario's Travel, Meal and Hospitality Expenses Directive](#).

Funding

The Government of Ontario is interested in assuring that its funding meets a variety of economic and social needs, is appropriately leveraged, and managed according to sound accountability principles.

Consideration of requests for financial support will be made contingent upon:

- The overall availability of provincial funds and the requirements of the provincial approval process.
- The value of benefits such as projected provincial tax revenues generated by tourists attending the event and the overall impact on provincial revenues.
- The Government of Ontario's financial contribution to the hosting of an event may be up to, but will not exceed, 35% of the total costs. This includes funding support provided by other provincial programs (e.g., Tourism Event Marketing Partnership Program) or agencies (e.g., the Ontario Trillium Foundation). Additionally, the government will take into account the level of contributions from other public and private sector partners.
- The government will not assume any deficit guarantees or environmental liability. Additionally, the Government of Ontario will not underwrite other contingent liabilities, such as a revenue guarantee.

The Ministry of Heritage, Sport, Tourism and Culture Industries cannot guarantee funding to all applicants, nor can the Ministry ensure that the total amount requested by successful applicants will be granted. The decision to fund all or part of an applicant's request will depend on its fit with yearly priorities, total confirmed eligible expenses,

assessment criteria and the overall demand for funds. The Ministry reserves the right to fund programs that best align with government priorities. Funding ceilings:
